CONSUMER RESOURCES

The Owners' Advocate is the first and only professional consumer advocacy group to successfully effect the termination of hundreds of Timeshare and Vacation Ownership contracts nationally and globally. We have recovered over \$500,000.00 in actual monies refunded to our clients from Timeshare and Vacation Ownership companies, and that number continues to grow daily. Additionally, we have helped save our clients over \$10,000,000.00 in contractually obligated debt.

The Owners' Advocate proudly aligns itself with the Federal Trade Commission, Attorneys General, Departments and Commissions of Real Estate, as well as any other government agencies that may have jurisdiction in a dispute. We have successfully negotiated disputes internationally from Mexico to Belize, by working in conjunction with the prevailing government authorities. Ultimately, our organization seeks strong regulation of deceptive sales practices within the Timeshare and Vacation Ownership Industry so that consumers are protected and their rights are assured.
